

## **Tutorial Title - The State of Public Safety Communications**

### **Tutorial Outline -**

- I. Public Safety Landscape
  - A. Agency types
  - B. Agency statistics
  - C. Limits
  - D. Spectrum allocation
- II. Public Safety Communications Requirements
  - A. Levels of interaction
    - 1. Multi-jurisdictional
    - 2. Multi-disciplinary
  - B. Levels of interoperable response (based on PSWAC and SOR)
    - 1. Day-to-day interoperability
    - 2. Mutual aid interoperability
    - 3. Task force interoperability
  - C. Types of communication
    - 1. Voice
      - a. Interactive
        - i. With whom?
        - ii. For what purpose?
        - iii. With what special constraints?
      - b. Non-interactive
        - i. With whom?
        - ii. For what purpose?
        - iii. With what special constraints?
    - 2. Data
      - a. Interactive
        - i. With whom?
        - ii. For what purpose?
        - iii. With what special constraints?
      - b. Non-interactive
        - i. With whom?
        - ii. For what purpose?
        - iii. With what special constraints?
  - D. Required features  
(high level overview or listing of those from the SOR)
  - E. Desired Features  
(high level overview or listing of those from the SOR)
- III. SAFECOM
  - A. Program Overview
  - B. Intent in ISART

For further information on the SAFECOM program or if you would like to present a paper on this topic, please visit [www.safecomprogram.gov](http://www.safecomprogram.gov) or contact us at [safecom@dhs.gov](mailto:safecom@dhs.gov).
